

Profile

By learning lots of useful courses from the university, I can confidently apply my experiences and skills in an actual field. Moreover, I am a person who would take any task in high responsibility, doing good teamwork or solving problems as well. I am willing to learn, listen and improve my knowledge throughout the internship.

Objective

Take advantages of sales skills & experience and understanding of market to ready for any task that the company allow me to do. From different areas such as developing business idea, online and offline marketing or organizing plans. I am truly hopeful to absorb experiences from TMA company and would like to put 100% effort into helping TMA to develop further.
