

## Objective

I'm currently pursuing a Telecommunication career path which was also my major in University. I'm looking for an foreign working environment where I can use English everyday, learn new things and experience other aspects in my major to improve myself. Becoming an expert in the next 3 years is my target and I will try my best to achieve it.

- Monitor and maintenance VPN service for global customer.
- Receive and analysis customer inquire via email or cal l(English).
- Cooperate with provider to isolate and trouble shooting progress.

## Certifications

TOEIC Certificate with score 705

2014

## ABOUT ME

I would briefly describe myself as a very determined and highly motivated person. I cope well with difficulties when the going gets tough. Sense of responsibility and carefulness in all works done are my greatest strengths. Above all, I would say I'm positive and enthusiastic person; I relish being challenged. But believe, I'm easy-going to work with.
