2016, 2018

02-06/2018

INTERNSHIP

Z755 Electronic Information Company

Learn and eliminate interference on walkie
talkies

02-06/2018

RESEARCH

Subject: Facial recognition using Modified
Convolutional Neural Network (CNN)

Prof Thuong Le Tien

Modify the CNN model to improve the rate
recognition of the old approaches.

Submit for the ATC conference (10/ 2018)

06-11/2017

RESEARCH

Subject: Iris recognition using Artificial
Neural Network (ANN) & Independent
Component Analysis (ICA)

Prof Thuong Le Tien

Understand ANN, ICA algorithm and
improve the performance of the iris
recognition system of the old methods.

Accepted by ICIEE (02/ 2018)

Introduction

**I consider myself as an energetic
and self-reliant person because I
have been financially self-reliant
during my 5 years of university.**

**Striving for excellence is my
guideline in every single work I do.**
