About me

Be honest, cheerful, sociable, like reading book about life, enjoy science fiction films and believe aliens have impacted the ancient world and enjoy playing war games.

Observation and evaluation, know my strengths and weaknesses to try to improve

Soft Skills

Solve problems ★★★★★

English ★★★★★

Teamwork ★★★★★

Reading book ★★★★★

Information about learning

- My full name is Thân Trọng Hoài Phương . I'm 21 year old. I study engineer's degree .
- I study University of Technical Education(2014-2018) . My major is Computer Engineering .

Skill : have study about Embedded System , C/C++ , Hardware/Software , Internet of things , Hardware Descriptor language , Digital Technical , Network Engineering , Electric Circuits , Basic Electronics , Logic Gate ,Arduino , ARM , Pic ,Raspberry ,Linux,Machine Learning ,...

Short term goals

- I will complete the studies and the next semester will interns with position Hardware Design Engineers and , Internet of things.
- Search for a company that fit myself.

Long term goals

- First year I will graduate and have some experience when going to practice.
- Second and third years, learn more skills to improve myself .
- Fourth year I will study for a master's degree and be able to work abroad.
- Fifth year, I will be the leader of embedded system technology ideas.

Experience study at university

- Freshman : project creation team Car Avoid Obstacles. Use descriptive language Arduino and ultrasonic sensors , the job is to gather content, time 5 week with 2 people ,complete on time .
- Sophomore : project Time Clock use with logic gates AND,NOT,OR circuit design , install time , time 3 week with 2 people, complete on time .
- Junior : project Heart Pulse Monitor use descriptive language Arduino . Project(I) Smart Home use descriptive language Pic , the job is to gather content, time 10 week with 2 people, complete on time .
- Senior : project(II) Check Commodities on Web use descriptive language Arduino combined with HTML/CSS use the Web as a server, the job is understand the combination between HW/SW , send data and receive data on Web .
- Simple writing experience. : use language C/C++ 1 year , Logic Gate 1 year , PIC 1 year , ARM 0.5 year .

Strengths

- I know the problem me encountered when I was working.
- Easy group work. Because I respect and listen when they said.
- I have a study plan every day.
- I study hard .

Weaknesses

- I need a plan to work better .
- I learned English for a short time. But I have set up a schedule for learning English.
