BRIEF DESCRIPTION ABOUT MYSELF

I consider myself as a determine, thoughtful person. I also hard-working, responsible and enthusiasm, patient. Whenever thing don't happen as the way I expected, I just think on the bright side and I keep moving and try hard to do better next time.

CAREER OBJECTIVE

To be a professional and good character engineer. Applying my knowledge in practice and creating many products for life. I expect to work in an active and challenging environment.

EDUCATION

In 2013 – Now

Da Nang University of Science and Technology

Speciality: Mechantronic Engineering.

Mode of study: Full-time.

GPA: 3.15 /4

WORKING EXPERIENCE

02/09/2014 – Now

Play Guitar Lead in QL Band.

24/10/2017

Organized the program welcoming new mechanical engineering students.

Management in camp programs.

6/6/2017- Now

- Project IoT collaborators in Danang Software Park.
- Leader in develop group IoT of Danang Software Park.

Technical skills

- ✓ AutoCAD ★★★★★★☆☆
- ✓ Creo Parametric ★★★★★★☆☆
- ✓ Proteus ★★★★★★☆☆

Skills for working

- Designing electronic circuit.
- Designing and processing mechanical.
- Code program for microcontrollers
- Mechine Vision basic code on C++ and OpenCV.

SKILLS

- Office computer 4/5 ☒☒☒☒☐
- English 3/5 ☒☒☒☐☐
- Soft Skill 4/5 ☒☒☒☒☐
- Adaptability 4/5 ☒☒☒☒☐
- Sense of direction 4/5 ☒☒☒☒☐

ACHIEVEMENT

1. Award certificate for top of GPA of Mechanical Engineering in 2013-2014,2015-2016,2016-2017 2017-2018 years school.
2. Equivalent for complete group of employee to determine the output 2013-2014,2014-2015,2015-2016 years school.
3. Esuahi company scholarships are awarded to students with good academic performance 2015-2016 year school.
4. English course for good delegates by Mr Toiec center.
5. Scholarship awarded by Sunfield
