

CURRICULUM VITAE

PERSONAL DETAILS

Full name : PHAM HUYNH QUANG THANH

Date of Birth: 01/31/1987

Address: F12, Tam Hoa Ward, Bien Hoa city.

Telephone: +84913119190

Email : thanhphq87@gmail.com

Field of Study: Electronic – Telecommunication

Graduation: In November 2010

CAREER OBJECTIVE

- ❖ Work for global corporate with good working environment, especially in telecommunication.
- ❖ Study & challenge myself under high pressure;
- ❖ There is a good chance to get a high position by myself;

PERSONAL INFORMATION

- ❖ ***Hard – working & Aggressive:***

Working hard is the significant way to achieve my plan in the next years. I am so aggressive in working to fulfill most of assigned duties in due.

❖ ***Careful:***

Always try the best to check all processes as much carefully as possible to avoid any problems and troubles from mistakes.

❖ ***Problem solving skill:***

In case there are problems or troubles occurred, I can analyze and settle them quickly & completely based on the reasons.

❖ ***Working under high pressure***

Due to well – organized & solving problems skills, I can work effectively under high pressure with good results

❖ ***Persuasiveness:***

I have good skill of persuading someone by focusing on what they really need and current problems.

❖ ***Good teamwork spirit & Cooperativeness:***

Happy to work with good spirit & morale in whole team. Be a good partner in working with full of cooperativeness.

❖ ***Good communication skill, so friendly and good sense of humor in serious situations.***

EDUCATION

- ❖ Engineer of Electronic – Telecommunication , Faculty of Electronic – Telecommunication , University of Lac Hong University, Vietnam.
- ❖ Master of Electronic Engineering, Faculty of Electrical and Electronics Engineering, Ho Chi Minh City University Technology of Education, Vietnam.
- ❖ Internship, Department of Electrical Engineering, National Chung Cheng University, Taiwan.

SKILLS:

❖ *Language:*

- ✓ Fluent English in: Speaking, Writing, Reading, and Listening
- ✓ B certificate in English

❖ *Computing:*

- ✓ Good at Microsoft Office with Word, Excel, Power Point, Access
- ✓ A & B Certificate in Computer
- ✓ Good typing skill and dealing with Internet
- ✓ Good at Matlab, C, VB, Python

❖ *Others:*

- ✓ Presentation skill
- ✓ Dealing and communicating with many kinds of people
- ✓ Quickly adapting to new job.

WORK EXPERIENCE

I graduated from Lac Hong university in 2010 after 5 years learning for my Engineer degree in electronic-telecommunication with the thesis is “Designing monitor system by GSM network”. After graduated, I worked Viettel for 1 year. During working period, I studied a lots of things, such as: how to do teamwork, how to control everything when we have a problem. In 2011, I stopped to work and started to study Master of science at Ho Chi Minh City University Technology of Education. After 3 years learning for my Master of Science in electronic engineering with the thesis is “The Implementation of Linear Predictive Coding Algorithm (LPC-10E) On TMS320C6713”. In the thesis, the result is published at GTSD international conference on October, 2014.

I worked at Thong Nhat general hospital for 1.5 year as one biomedical engineer. Here, I saw various machines from the complex mechanical systems (MRI, CT, Anesthesia machines, Artificial kidney machine, endoscope system...to simple

mechanical systems (EEG, CCG, Ultrasound, Electric shock machine...). One of mechanical system makes me interested. This is MRI, CT, and Ultrasound. Although I didn't study about it, I read and studied various document about it. And day by day, the mechanical systems make me excited .

I attended internship in Taiwan for 1.5 years. Here, I approached machine learning, deep learning, and computer vision.

HOBBIES

- ❖ Listen to music
- ❖ Travel a lot.
- ❖ Play football.
