ABOUT ME

DATE OF BIRTH, MARCH 1992

Buon Ho, Dac Lac

I would like to work in a quiet place in order to stay focus and achieve consistent high performance work. My field of interest is data science,computer vision and a little natural language processing.My life was boring before I knew deep learning. In future, I want to create more applications using AI in real life. I like blogging and sharing what i learned on my blog.

WORK EXPERIENCE

NOVEMBER 2015 – OCTOBER 2016
