PERSONAL STATEMENT

Fresh in the industry with enthusiasm to improve my skills and grow professionally. I have knowledge about Python and learn Machine Learning concepts by self taught from the internet. Eager to learn and good communication skill, I believe I can develop fast enough to meet the job's demand.

EXPERIENCE

DATA CRAWLER FROM DANTRI.NET

- Using Python, wrote a crawler to crawler data from dantri.net, result in csv file.
- Using Weka on the csv file, predict an article's category base on its content.
- Link to my crawler: goo.gl/2QXwZD.
