NGUYEN MINH NGHIA

📞 0917016654 @ minhnghia1996@gmail.com

📍 HCMC

OBJECTIVE

Working in a dynamic and professional environment like your firm not only gives me chances to contribute to the company but also gives me valuable working experiences. Especially, as the young generation I want to pursue what I love and challenge myself in a competitive environment.

EDUCATION

Electronics and Communication Engineering

HCMC University of Technology and Education

📅 09/2014 - 09/2018

GPA
7.27 / 10.0

PROJECTS

Hand Gestures Recognition using Convolutional Neural Network

📅 02/2018 - 07/2018 📍 HCMC University of Technology and Education

- Learn about Convolutional Neural Network.
- Simulation Hand Gestures Recognition using Convolutional Neural Network on Matlab.

Facial Landmarks Detection

📅 09/2018 - Ongoing 📍 TMA Solutions

- Detected facial landmark points.
- Draw Delaunay Triangulation.

SKILLS

Skill	Level
English	●●●○○
Python	●●●○○
