Personal statement

I am a third - year student studying in Physics and Computer Science Major with a good academic record and some soft skills acquired through extra-curricular activities and projects. I am confident in my teamwork skills and my willingness to learn new things. I also have basic knowledge in programming and data structure. I am looking for an internship for machine learning, data science.

Skills

- I have developed good communication skills from studying and working on projects in classes.
- I have beginner level knowledge regarding data structure, object-oriented languages like C++, Java.
- I am IT literate with a typing speed of 55 - 60 wpm and the ability to use most basic software packages to an intermediate level (Microsoft Word, Excel and PowerPoint).

Experience

I have no prior working experience.

Education

Ho Chi Minh University Of Science
2016 – 2020
Department : Faculty of Physics and Engineering Physics.
Major : Physics and Computer Science.
GPA : 6.97.

Hobbies and interests

- I usually play games and read books in my free time.
- Sometimes, I also study and watch courses online about programming, communication skills, . . .
