CURRICULUM VITAE

I. PERSONNAL DATA:

Name   : **HUYNH QUOC KIET**
Address   : 451/2/7 To Hien Thanh, District 10, Ho Chi Minh City.
E-mail   : kiethuynh4286@gmail.com
Telephone   : 38 637 510 (home) – 0908 803 124

II. CAREER OBJECTIVE

To build a long-term career in IT field for advancement, use all skills and knowledge to contribute to company and widen knowledge for own.

III. EDUCATION BACKGROUND:

Qualification:

Year	College/University	Degree	Major	Remark
3	Hoa Sen NIIT	Diploma	Network Engineering – Linux Technologies	Graduation (Good)

NIIT quarter score

Quarter Number	Overall Marks	Grade	Isas Topic	Projects Topic	Project Results
2	2.88	Good	Impact of IT to Society	Hotel Setup, Home Space Hospital , Save Life Inc	
3	2.78	Good	Video Over ATM	New Project ltd Showman House	
4	2.93	Good	Wireless Network	**Project1** : Setup system domain for small enterprise and management. **Project 2** : Setup database SQL server	**Experience**: Implement and administrate Windows with user and group, active directory. Build database SQL server 2003 and administration
5	2.38	Satisfactory	CDMA	**Project1** : Plan the network system with OS Linux	**Experience:** Design and plan the network many

					components Linux
				Project 2 : Implement Shell script on Red hat Linux 4.0	Implement Shell script on Red hat Linux 4.0
6	2.93	Good	Presentation Testing	**Project1** : Install Linux OS and configure many components on Red Hat Linux **Project 2** : Configure Red Hat on server, Windows for Clients and the network infrastructure services	**Experience**: Implement and configure many utilities on Red Hat Linux (Create partition and swap, create user and group, configure soft RAID and SSH, NFS server) Implement and configure many services on Red hat Linux 4.0(DHCP, DNS server, Squid proxy, FTP server and Web server Apache.
7	2.60	Average	Routing Cisco Router	**Project1**: Install and configure the Open LDAP Server + Kerberos **Project2**: Setup monitor server using MRTG, Nagios	**Experience**: Install Linux minimum. Configure and secure network with Open LDAP, Kerberos, TLS on Red hat Linux. Configure and monitor server with Nagios, MRTG on Red hat Linux
8	3.11	Excellent	Web-Shopping cart	**Project1**: Setup multi domain with windows server **Project2**: Planning, analysis and procurement of equipment IT preparing to establish a new office	**Experience**: Setup system administrative office *Analyze business and technical requirement, Calculate TCO, Plan and solution troubleshoot.*

Certificates:

Year	College/University	Certificate	Major	Marks
2013	Greennet Center	JNCIA	Juniper Networks Certified Internet Associate	Completed
2012	Nhất Nghệ Center	MCITP-EA	Microsoft Certified IT Professional Enterprise Administrator	Completed
2011	Nhất Nghệ Center	MCSE	Microsoft Certified System Engineer	Completed
2010	Vnpro Center	CCNA	Cisco Certified Network Association	Completed
2009	Nhất Nghệ Center	MCSA	Microsoft Certified Systems Administrator	Completed

IV. WORKING EXPERIENCE:

Oct 2014 – Present   **TRANSCOSMOS GROUP**
IT Officer

❖ Manage system network at head office and sites, using windows server 2008, 2012 and Linux CentOS, Ubunu
❖ Configure router, switch (HP, Cisco, Mikrotik).
❖ Configure and management firewall Sophos Astara SG 310.
❖ Build monitoring system Cacti.
❖ Deploy VPN site to site and Load balancing WAN, LAN using Peplink device.
❖ Deploy and management VMware Vphere.
❖ Configure the web server (IIS, Apache) and Ftp server using SSL.
❖ Managing data storage with QNAP NAS device.
❖ Backup Data using Symantec Netbackup.
❖ Management mail server Exchange 2010.

Apr 2013 – July 2014   **POPSWORLDWIDE**
IT officer

❖ Manage system network with OS Windows (Windows server 2003, 2008 R2) and Linux (CentOS, RedHat).
❖ Manage LAN, WAN network and server located in the datacenter.
❖ Deploy firewall ISA server and monitoring Nagios.
❖ Building linux systems for project development team (VPS OpenVZ, LAMP, SVN, DNS, Squid Proxy, NIS, FTP server….)
❖ Management NAS system using Free NAS.
❖ Support end user.

- *Achievement:*
    - Applied and environmental work on the Linux OS.
    - Advanced skills themselves.

Jun 2011 – Mar 2013	**MISA JOINT STOCK COMPANY** *IT officer*

- ❖ Manage system network
- ❖ Deploy VPN server, firewall ISA 2006 Microsoft, hard firewall Juniper SRX 210, Windows Server 2008 , Windows Server 2003 with multi domain, Monitoring PRTG, Vmware Vsphere ESXI, Hyper-V, VOIP telephone, Netsupport Manager, Video conference, LAN, WAN Office, Anti-virus Kaspersky Security Endpoint 8 client-server.
- ❖ IT administration support for end-users.
- ❖ Be in charge of purchase IT devices
- ❖ Apply policies to make sure all network management process to comply with ISO 9001:2008.

Achievement:

- Apply the ISO process to IT work

- Improved office network by configuring the new network service more convenient for managing

- Improved communication skills at work

Jul 2010 – Apr 2011	**KINGCORP COMPANY** *IT staff*

- ❖ Deploy Windows Server 2008, Windows Server2003 with domain controller
- ❖ Evaluate existing systematic reviews.
- ❖ Troubleshoot PC, Networking, Printer…
- ❖ Master the system diagram.
- ❖ Understand basic how it works Monitoring System, Squid, Mail Server, Active directory, DNS, DHCP, Backup data, hostind domain.
- ❖ Besides, participate the outdoor activities in the company (football, ….)

Achievement:

- The exposure and networking systems work in practice
- Building team work ability

Apr 2010 – Jul 2010	**VIETNAM NETWORK COMPANY**
	Internship as Network devices tester

- ❖ PC station device
- ❖ Wireless devices
- ❖ IP camera devices

Achievement:
   - To learn and to implement practical Wireless.
   - Know more about the network devices
   - Be rubbed in the real working environment.

V. SKILLS

- **Network and System:**
  - Understanding TCP / IP, LAN, WAN Office…
  - Deploy and configure system services on Windows 2008,2012 (DHCP, DNS, multie domain, FTP, IIS, DPM, DFS…).
  - Deploy and configure system services on Linux Centos (DHCP, DNS, FTP, NFS server, NIS server, Samba, Squid proxy, LAMP, SVN, Redmine, Gitlab…)
  - Virtualization with Vmware Vsphere ESXI, Hyper-V, OpenVZ.
  - Monitoring server with PRTG, Cacti.
  - Management mail server Mdaemon, Exchange 2010 and Zimbra.
  - Backup Data Symantec Netbackup.
  - NAS device (QNAP, WD, Synology).
  - Configure router and switch (HP, Cisco, Juniper, Mikrotik).
  - Security system with Microsoft ISA 2006 and Hard Firewall (Juniper SRX 210, Fortigate 200B, Sophos Astaro UTM and SG).
  - Load Balancing inbound and outbound WAN using Peplink device.

- **Language:** Vietnamese – mother tongue
  English - Fair (Reading, Writing)

- **Soft skill:** Communication skill.
  Team work.

VI. HOBBIES

- Collection of e-books in information technology.
- Research and study information technology.
- Watching action movies, football games, billards.
